

TALON

Talon is a stunning collection of versatile laptop and occasional tables designed to accompany soft seating in lounge or breakout areas.

The innovative delta shaped laptop table can be used alone or clustered together for ad-hoc collaborative working.

High and low occasional tables in a variety of complementary shapes and finishes complete the range.

DIMENSIONS

DESIGN

Senator

Our team of talented in house designers are responsible for creating elegant, innovative furniture designs which not only look beautiful, but minimize the impact on the world around us.

They come from all over the world, but are based in our Design Center located in a quiet Lancashire village just outside the Ribble Valley. Our dedicated facility is over three floors which include studios, a materials test center and prototyping lab.

SENATOR 3 R'S

Senator is committed to continually improving the sustainability of all environmental aspects within our business.

To meet both international standards and our own environmental targets we apply the three R's principle

-Reduce, Reuse and Recycle.

While recycling is the element which

receives the most exposure it is actually the last option available and should never be the prime target in anyone's battle to reduce waste.

It is our duty as individuals and as a company to initially attempt to **Reduce** usage. Then we should look to **Reuse** wherever possible and finally, only after these two processes have been exhausted, should we consider **Recycling**.

REDUCE REUSE RECYCLE
