CONTOUR

SIMPLE BUILT, HIGHLY VERSATILE.

Contour is a lightweight, flexible work and meeting chair, featuring a highly efficient single-piece plastic backrest that provides generous ergonomic support to a wide demographic.

Designed for any setting; healthcare, education, and corporate environments,

Contour is a highly adaptable platform that can migrate seamlessly between desk work, casual meetings and touch-down sessions.

Designed in accordance with circular design principles, every component of Contour can be easily repaired and are made using 100% recycled materials.

DESIGN
PearsonLloyd

The London based practice takes a collaborative approach to its work, embracing the restrictions imposed by production, the market and all the other factors that define a brief. Their work is grounded in research and at

the core is an attempt to understand the relationship between a product, its place, and the way people use it. It is this innovative thinking that earned PearsonLloyd a Red Dot Award for the design of Ad-Lib for Senator.
