ADJUSTABLE**

# CHEMISTRY PLUS HEIGHT ADJUSTABLE

Chemistry incorporates a height adjustable workstation solution to respond to the needs of today's office, where simple elegance and inherent functionality are a must to meet a multitude of applications. Chemistry Plus Height Adjustable desks make individual requirements possible, allowing the option to vary posture and stand while working.

Designed to fully interact with the user, whether seated or standing, height adjustable desks permit the user to quickly set their optimum working height by means of a responsive push button electronic mechanism.

## CHEMISTRY PLUS HEIGHT ADJUSTABLE

### STANDARD FEATURES

- Height adjustable steel frame
- Leveling adjustment
- Scalloped cable access
- 1" TFL rectangular tops
- Electric operations
- Anti Collision Sensor

### SPECIFIABLE FEATURES

- Standalone or back to back

### COMPLEMENTARY OPTIONS

- Universal Screens
- Cable trays and risers
- Desk linking kits

### ACCESSORIES

- Monitor arms
- PU desk accessories
- Desk top accessories
- CPU holders
- Electrical accessories
- Screen accessories

### PERFORMANCE STANDARDS

- Designed to conform to and where applicable is tested to the following standards:
- BIFMA X5.5 x2014
- SCS-EC10.3-2014 v. 3.0 Indoor Advantage Gold

## DIMENSIONS

Single desk with I-leg  
Widths. 48"-78"  
Depths. 24" & 30"

Back to back with H-leg  
Widths. 48"-78"  
Depths. 50" & 62"

Pallet Top Back to back with H-leg  
Widths. 60"-78"  
Depths. 62"

**SINGLE DESK**

**Upper Cable Tray**  
Cable trays are available to manage power options.

**Cable Riser**  
An optional cable riser is available to manage power from the floor to the upper or lower cable tray.

**Leg Mounted Modesty with Cable Tray**  
Cable trays are available to manage power options.

**Single Desk Frame**  
A powder coated welded framework with height adjustable columns.

**BACK TO BACK BENCH**

**Upper Cable Tray**  
Cable trays are available to manage power options.

**Cable Trough**  
Included with all back to back benches. Fixed to the underside of the frame to manage power.

**Cable Chain**  
An optional cable chain is available to manage power from the lower cable trough to the upper cable tray.

**Cable Riser**  
Used when power is fed from the floor to the cable trough. The cable riser is bolted to the underside of the trough.

**Bench Frame**  
A powder coated welded framework with height adjustable columns.

WORK SURFACES

On single desks, one top is supplied per starter or add on desk.  
 On back to back benches, two tops are supplied per bench.

Chemistry Plus tops are available with 24" or 30" depths and lengths of 48", 54", 60", 66", 72", and 78".  
 Tops are available in TFL with a scallop in the back for cable access.  
 TFL tops have a 2mm laser edge band all around.

FRAMEWORK

**Electric Desk Frame**  
Dual Stage Electric desks have a height adjustment of 22.5" - 48.5"

**Desk Linking Kits**  
Linking kits are available to align height adjustable workstations in a straight row.  
 The kits create and hold a 1" gap between workstations, eliminating potential pinch points. Kits are available for both inline desks, and back to back benches.

**Electric Chemistry Executive Desk Frame**  
The electric desk has a working range of 29" - 48.5" high.  
 This can be adjusted electronically via a desk switch.  
 The height adjustable single legs have a larger foot surface to add stability to the desk.

CABLE MANAGEMENT

Optional cable trays are available that hang underneath the desktop. These allow for power blocks to be laid inside and cables fixed in place. This improves safety and keeps the under desk space tidy.

The cable trough is mounted between the lower frame on back to back benches. The trough is the entry point for power and data into the bench and provides an enclosure for power blocks and wires. Slide on covers conceal power and wiring.

\*Not available for single height adjustable desking

An optional vertical cable manager is available to allow power and data to be taken from the floor to the cable trough. The riser attaches to the end of the cable trough to ensure a tidy transfer of cables. Optional flexible plastic cable chains are available to provide a secure way to manage power and data cabling from the trough up to the cable tray.

SCREENS

Screens are available to divide up benches and hang accessories. The screens are fixed to the height adjustable bench frame or fixed to the underside of the worksurface on the single desks with metal brackets. Fabric, TFL, Acrylic, and Glass screen options are available.

CHEMISTRY EXECUTIVE DESKING - STORAGE

18" deep storage unit comes complete with 1x personal drawer, 1x filing drawer, open storage with shelves, a cubby for a PC with port hole access and integrated vertical cable management system.

24" deep storage unit comes complete with 1x personal drawer, 1x filing drawer, open storage with shelves, a cubby for a PC with port hole access and integrated vertical cable management system.

Filing drawer comes complete with filing cradle to support letter filing.
