CIRCO MOTION

CIRCO MULTI-PURPOSE

Circo Motion

THE ONE AND ONLY

Circo multi-purpose chairs are designed to provide a universal solution for meeting and conference uses. They share a common design language with the original Circo conference chair but the proportions have been scaled to make them more applicable in use.

Featuring a mesh back and a fully upholstered seat, these versions provide either a stacking cantilever frame or a four leg frame on casters.

Circo's designer Justus Kolberg worked closely with toolmakers and injection molders to refine the sections of the chair's frame so

that it maintained the Circo aesthetic while being a new construction methodology.

With a choice of upholstered or leather finishes plus three frame color options Circo multi-purpose chairs will blend into a multitude of environments seamlessly.

MATERIAL CONTENT

Components are constructed of the following

	50.95%

Steel

	49.05%

Plastic

RECYCLED CONTENT

Contains up to 25.50% of Recycled Material

	25.50%

Steel

RECYCLABILITY

The range is 99% recyclable

99%
