RAPT

SIMPLY BEAUTIFUL

Rapt exudes poise and offers a fresh alternative to the established norms of executive seating. It has been created to grace environments where key decisions are made, where success happens, where detail and conviction are imperative and where extraneous distractions need to be eliminated.

Rapt's elegant and minimal design also provides exceptional comfort, featuring generous proportions and an anatomically shaped, cushioned seat and back. The one piece Aluminum arm rest with a PU inlay envelops the chair beautifully and creates a strong continuous structure.

A simple automatic recline adjustment, together with the ability to regulate its height encourages movement that fosters creativity. This executive chair boasts luxury upholstery, twin needle stitch detail along its perimeter and clearly defined zones of support.
